

John Lovelace's
YUKON 2010
MIDNIGHT  SUN
CHALLENGE

The Legend Continues

Last year, 200 crew members flying 100 airplanes made history with a Cross Canada Flight in honor of the 100th birthday of flying in Canada.

**New Destination
Same Spirit of Adventure**

The Century Flight Club will conduct the second annual 100 aircraft flight on July 17th - 24th, 2010. This time into Canada's Yukon Territory.

A Raw Untouched Landscape

The Yukon in July is like no other place on earth. Warm summer days in a northern sun which never fully sets, broad valleys and breathtaking mountain vistas in one of the most unpopulated areas on the planet.

**You Supply the Plane
We Supply the Lasting Memories**
